Dear Sir,

Sub. : SAP implementation by GACL

We would like to inform you that GACL has implemented SAP ERP which has become effective from 1st October, 2017. The implementation of SAP would give both tangible and intangible benefits to the Company on account of seamless integration and business process re-engineering and also to improve its internal financial controls and achieve better operating efficiency through improved productivity. The SAP was implemented through KPIT Technologies Limited.

We enclose herewith Press Note to be published in newspapers.

Thanking you,

Yours faithfully,
For GUJARAT ALKALIES AND CHEMICALS LIMITED

Press Note

GACL implements SAP ERP

Gujarat Alkalies and Chemicals Limited, a Company Promoted by Government of Gujarat, one of the largest Caustic Soda manufacturing companies in India, has today announced that it has implemented SAP ERP which has become effective from 1st October, 2017. Shri P.K. Gera, IAS, Managing Director of the Company informed that the first dispatch of Caustic Soda from Vadodara Complex and the first dispatch of Chlorine from Dahej Complex were invoiced under SAP system on 1st October, 2017. KPIT Technologies Limited helped GACL in configuring the SAP.

The Company had started SAP implementation in the year 2016. It took about one and half year to complete the project. The project got delayed due to inclusion of GST in SAP System during implementation phase. The Company has opted for implementation of 13 modules and all the modules have been successfully implemented.

The implementation of SAP will give both tangible and intangible benefits to the Company on account of seamless integration and business process re-engineering. The Company is performing at its peak currently ever highest in top line and bottom line and implementation of SAP system will help the Company to improve its internal financial controls and achieve better operating efficiency through improved productivity.

About GACL:

Gujarat Alkalies and Chemicals Limited is a company promoted by Government of Gujarat in the year 1973. Over a period of time, GACL has emerged as one of the largest producers of Caustic Soda in India with installed capacity of 4,29,050 MT per annum of Caustic Soda. Apart from Caustic Soda, the Company offers very wide range of Chemicals which includes Chloromethanes, Phosphoric Acid, Hydrogen Peroxide, Aluminum Chloride, Poly Aluminum Chloride, Chlorinated Paraffin, Chloro Toluene, Stable Bleaching Powder, Sodium Chlorate etc. GACL is the first Indian Company to replace the Mercury Cell Technology with environment friendly and energy efficient Membrane Cell technology way back in the year 1989.
